Answer:

Dear Chirag,

I have analysed your natal chart in the light of your two concerns which as I have understood are as follows :

- 1) Whether you will get admission in a proper institute for pursuing your MBA program after you complete your BMS degree. Which I presume you are supposed to complete during academic session of 2007/2008.
- 2) After MBA program, will a career with event management company will be suitable for you or not.

Your Ascendant is Virgo, which is ruled by Mercury. Your 10th house, the house of profession is Gemini which is also ruled by Mercury.

In the Dasmasa chart or 10th harmonic chart, which is computed from your natal chart and is analysed specifically for career, the Ascendant is Libra, which is ruled by Venus. 10th house is Cancer, which is ruled by Moon. Mercury is also located in 10th house of the Dasamsa chart.

This clearly indicates that you will have a career/business which will deal with life style and you will have to deal with general public in your career.

Career like public relation, advertising and event management will definitely be suitable for you.

As per your chart, it is also possible that at some stage in life, you may actually start a business of your own though you should first gain practical first hand knowledge by actually working in a large organization in your chosen field.

However Mercury is debilitated in your natal chart and is located in your 7th house, the house of partnership. Because of this, the overall strength and potential in your chart is somewhat weakened. The choice of the MBA institute may not be your first choice and you may have to join a B-grade Business School.

You will experience Ketu/Saturn period between 24th June 2007 and 2nd August 2008.

Saturn is lord of 5th and 6th house in your chart. The Ketu/Saturn period will safely see you through your graduation.

However the bad news is Jupiter will be most challenging for you between November 2007 and November 2008.

You will have to especially careful about your final preparation and the final semester in your BMS program, because of challenging Jupiter transit and because of this, you may not get the admission in MBA program during Academic year 2008/2009.

A smart strategy for you will be to drop one year and then prepare for MBA admission examination only after your final BMS examination. This will ensure that you will get admission in proper MBA institute during 2009/2010 academic session. You should make extra efforts and put all your concentration to achieve very good results in BMS examination. Good grades in BMS examination will also help you in case you desire to get admission in a foreign institute for your MBA degree. The possibilities for that cannot be ruled out during 2009/2010 session, because Jupiter will then be very favorable for you.

The best period in your life will be the 20 years Venus period which will commence on 30th July 2009.

May God grant you great success in your profession and studies.

Astrological Remedies:

You must harmonize the debilitated Mercury in your natal chart with Mercury Yantra.
