For each person, at the time and place of birth, there is a specific astronomical pattern in the heavens. This sky model is recorded from a distinct geographical point. Astrologers document this planet-earth-sky pattern and it is known as a Chart, which records the following:

- Where the Planets are in the sky-by listing their location in a constellation or Sign of the Zodiac.

- The location on earth-by using latitude and longitude; these are called Houses.
- Which sign is on the horizon, or that part of the sky east of the birth location, at the time of birth-this point is called the rising sign or the Ascendant.

The three most significant components of a Birth Chart are the Ascendant, Planets and Houses. The Birth Chart is called a horoscope (from Greek horo, indicating time, and scope, meaning to look at). In India, the chart is called the Chakra (wheel) or Janma Kundali.

An Astrologer interprets your Birth Chart by analyzing the interaction and influence of Planets, Ascendant and Houses in the Birth Chart. Life patterns seen in the birth chart are matched against the patterns seen in historical rules and records of parallel astronomical information. For predictive purposes, the location of the planets from sign to sign, and house to house is tracked to locate when circumstances will emerge or when the planets will cross a sensitive point in the birth chart stimulating a specific event.

Astrologically Most Suitable Career

In your natal chart, the 5th house, which is the house of advanced education, is Libra. Libra is ruled by Venus. Moon is located in your 5th house. Your Ascendant is Gemini, whose lord is Mercury. Mercury is retrograde and located in 8th house of your chart. The 10th house, which is house of profession, is ruled by Jupiter. Jupiter is located in 12th house of your chart. Your Ascendant being Gemini it is very difficult for you to make a choice in any aspects of life. You must be thinking of many career options as on date. In the 10th harmonic chart (specific for career), the 10th house is Aries, which is ruled by Mars. Mars is located in 2nd house, the house of wealth.

The 5th house is Scorpio, which is also ruled by Mars. Mars is located in 11th house in the natal chart in it's own sign Aries. The Ascendant in 10th harmonic chart is Cancer, which is ruled by Moon. Your career will be principally controlled by Mars, Moon and Jupiter. Being Gemini ascendant you will have excellent communication skill and should be naturally savvy with computer and internet.

Mercury being retrograde, you are more of an intuitive person and you are most likely right-brain dominant. Right brain thinking is more spatially oriented, comprehends through recognizing patterns, and arrives at conclusions seeming to go through the more observable steps of logic and reason. This does not mean they are wrong. In fact, they are often right, and quickly so.

The kind of career which is suitable for you where you will be able to utilize your intuitive and pattern matching skill to the maximum. The influence of Moon indicates in your career you will have to deal with public in general. The possible career choices that you have as per the potential in your chart will be "Social Work", "Human Relations", "Advertising" and "Communication and Public Relations". It could also be very specialized line of Archeology and History or esoteric subjects like Art restoration, Human Factor specialization for IT and other industries.

Most Suitable Stream for Study in Graduation Level

Unlike India, you have very flexible options to choose the streams of subject in your graduate class. I will suggest that you should choose Management studies as your graduation stream. In Management studies, you should take specialization in Organization Development and Personal management and behavioral studies. After completion of graduation studies, you can then decide to qualify for very specialized line if you may desire so.

Chances to Pursue Academic Study Abroad for Graduation

You are presently experiencing the main period of Saturn and sub-period of Venus between 8th December 2005 and 6th February 2009.

Venus is lord of 5th house, the house for advanced studies and is also the lord of 12th house, the house for foreign country other than your birth place. Venus is also located in your 8th house. It is quite possible that you may decide to pursue your graduation studies in a foreign country other than USA, which is your birthplace. But it is not necessary as per your natal chart that you have to study abroad.

Most Favorable Time for Success

Most favorable time for success is now between 16th July 2007 and 21st November 2007 for admission into your desired course and desired University or college.

Chances for Admission to prestigious institute for graduate studies

In spite of your average result, there are very good chances for your getting admission into a prestigious institute within the time frame suggested above.

Astro Remedy Recommendation to improve your chances for success

Your First priority is to strengthen Jupiter, the lord of your 7th house and Lord of your 10th house with Gem therapy. The strength of Jupiter in your natal chart is very weak. Unless Jupiter is powerful it will not fulfill your desired level of success in your studies or in your career. This is a life long recommendation for you.

You should strengthen the planet Jupiter by wearing a **Yellow Sapphire** weighing 5 carats in potency. It must be mounted on a gold ring and worn on the index finger of your right hand. The gem must be put on first on a Thursday morning, preferably when the Moon is waxing.
