A. MOST REDEEMING FEATURES IN YOUR HOROSCOPE:

Jupiter the lord of 9th house and lord of 6th house in your chart is located in your 10th house. Jupiter is very powerful and beneficial in your chart. It is Vargottam in your chart also. When lord of 9th house is located in 10th house, it creates a "Raj Yoga" for your profession. Your career is the most important aspect in your life. You will enjoy a successful career and achieve a high position in life.

You will be most successful if you are concerned with educating the general public or raising their level of consciousness.

B. MOST CHALLENGING ASPECTS IN YOUR HOROSCOPE:

1) Mars, which is supposed to be the Yogakaraka in your chart and is supposed to be the most functionally beneficial planet in your chart is very weak and ineffective being placed in 12th house of the chart. Mars is the 5th lord and 12th lord in your chart. Stagnation in career is mainly due to the weakness of Mars in your chart, in spite of the Raj Yoga created by Jupiter. It must be strengthened by Gem therapy to make it effective.

2) Saturn, the lord of 7th house and lord of 8th house is functionally the most inauspicious planet in your chart. The problem is worse because it is also retrograde and located in ascendant of your chart. From ascendant, it aspects the third house, the house of initiative and efforts. It aspects the 7th house, the house of spouse and marital life. It also aspects the 10th house, the house of profession and career.

Saturn will play mischief in all the three areas of life. Further retrograde Saturn in Ascendant will make you prone to chronic health problems throughout your life.

C. PRESENT DASHA ASTROLOGICAL SIGNATURES AS PER YOUR HOROSCOPE:

Vimshottari Dasha System:

According to Vedic astrology, theoretical life span of an individual is taken to be 120 years. This entire life span is divided into different main periods of planets and within this main period, there are sub-periods of all the planets and then each sub-period can be divided into sub-sub-periods of planets. This follows a predetermined sequence, the starting point of which is determined by the longitude of Moon at the time of birth.

This is unique to Vedic astrology and is called Dasa Vichar or period analysis. The effects of the planets become most operative during the Main Dasa or the sub-Dasa. Transit effects and the relation between the Main planet and the sub-planet also determine whether the good effects will be more predominant or the bad ones.

ADDRESSING YOUR CONCERNS

Concern No. 1:

Currently I am working at Bangalore and residing here with my wife and son. I am thinking of purchasing own house/flat. But my parents are residing at my native in Kerala near Cochin and they prefer that I settle down at Cochin, rather than they moving to Bangalore. My wife is also from Kochin. Please advise me whether settling in Bangalore or settling at Cochin will be better. Also let me know when I will have my own house.

Analysis:

You are now passing through the main period of Rahu till October 02, 2024. In your chart, Rahu is positioned in the 4th house. You will surely be able to buy a house of your own. Rahu positioned in the 4th house combined with the fact that your 10th Lord Mars is positioned in the 12th house indicates that it would be more beneficial for you to buy a house in Bangalore, your current place of residence rather than in your native place. Rahu positioned in the 4th house generally indicates some trouble at home and so it is more favorable for you to reside away from native home, in which case the malefic effect will be reduced to a great extent. Similarly, your 10th Lord Mars positioned in the 12th indicates a general dissatisfaction in job. However if you are working away from home the malefic effect is reduced to a very great extent and could also confers some good benefits. Hence, it would be advisable to work away from native place and so considering the above two points, it would be advisable to construct a house in Bangalore for the present. Saturn is at present in transit over your 2nd house and aspects your 4th house till September 2009 and so could cause some delay in purchasing of your own flat. You will be passing through the sub-period of Rahu-Jupiter from June 15, 2009 till November 08, 2011 and within this period, you will have a flat of your own.

Concern No. 2:

My general health has been going down for the last 2 years. Work pressure and family related stress looks to be major contributing factors. Please let me know when I will be able to better health and peace of mind?

Analysis:

Saturn was in transit over your ascendant and Natal Saturn, positioned in the ascendant from September 2004 till July 2007. This is said to be a period of 'Saturn Return'. This transit could have marked a very important transformation in life. This could have been a very eventful period in your life, but not without its challenges covering every aspects of your life. Moreover Rahu is in transit over your 8th house till May 2008. Hence the combined effect could have caused health and related mental problems. Rahu will cross over to your 7th house in May 2008 and then your health could show some improvement. However you are now passing through the sub-period of Rahu-Rahu till June 15, 2009 and therefore you will be subjected to some nagging health and other related problems till June 2009. You should take good care of your health and exercise patience in all dealings. You may take lessons in meditation or other such mental relaxation techniques, which will offer very good mental solace.

Concern No. 3:

I have not got a promotion in my job for quite long. Recently I had changed my job. Can I expect a promotion and good hike in pay in the next 3-4 months? If not when can I expect them?

Analysis:

In your chart, Moon is positioned in the 10th house and this could sometimes give you an inclination to change jobs often. You should therefore try to guard against this tendency if it exists.

Jupiter would be in transit over your 6th house, the house of service from November 2007 till December 2008. This period is good for any kind of work and fulfilling duties that contribute to your personal growth. During this period, improvement in service through promotion or a new job with better opportunities and more responsibility is indicated. Favors from superiors and subordinates will put you in good position. Hence this period will be highly favorable for your service and will confer enjoyment and fulfillment of desires. However Saturn has been in transit over Leo from November 2006 till January 2007 and is again in transit over Leo from July 2007 till September 2009. During this transit, it is positioned opposite to your Natal Sun. Hence this could have caused or could cause a temporary disassociation from service or a change in job. You should therefore exercise caution till September 2009.

Concern 4:

Will it be wiser for my career if I relocate to Cochin. If at all I have to relocate when will be the good time for that?

Analysis:

It would not at all be advisable for you to relocate to Cochin. As mentioned above, in your chart, your 10th Lord Mars is positioned in the 12th house. This indicates a general dissatisfaction in service, but the malefic effect will be very much less if you are working away from hometown. This indicates that you will do well if you are stationed away from hometown. If you choose to work near hometown, the malefic effect and the sense of dissatisfaction will be stronger.

Concern 5:

During the last 6-8 months, my relations with my in-laws are not going well and often my wife quarrels with me also. My in-laws are mostly staying with me for caring for our son. I am coming under a lot of mental stress due to this. When will there be peace at home.

Analysis:

As mentioned above Saturn was in transit over Natal Saturn till July 2007. Rahu is at present in transit over your 8th house. The combined effect has brought on a lot of mental stress. In your birth chart, Rahu is positioned in the 4th house. This is not very auspicious for peace at home and indicates quarrels and troubles at home. You should exercise patience till June 2009, when your present sub-period of Rahu-Rahu will come to an end. After that, you will find your life to be very much peaceful and happy. There will also be good harmony at home from then onwards.

Concern 6:

I have been living away from my parents for the last 14 years or more, except for the regular visits to my native. They are getting aged and waiting for my younger brother's

marriage to happen. When will I be able to live with my parents again and look after them?

Analysis:

As mentioned above, your 10th Lord Mars positioned in the 12th house indicates that it would be beneficial for you to work away from native place. You should therefore be prepared to stay away from native place for quite some time that is till you decide to retire from service. It does not mean that you will be cut off from your parents completely. Of course, you will be going home during holidays as you have been doing till now. You should therefore try to adjust yourself with this fact and enjoy both sides of your career and parents' care.

Concern 7:

My married life has been quite stressful for the last 2 years or so. When will I have greater peace and stability in married life?

Analysis:

In your chart, Mars is positioned in the 12th house. This is termed Manglik as per Vedic Astrology and is not conducive for marital harmony unless the spouse is also Manglik in which case the affliction gets neutralized. Moreover in your chart Rahu is positioned in the 4th house. This indicates quarrels at home. This makes the 7th house, the house of marriage a slightly challenging one in your chart. Rahu will be in transit over your 7th house from May 2008 till November 2009 and this period could cause quarrels and misunderstandings with your spouse. Jupiter will be in transit over your 7th house from December 2008 onwards and the transit of Jupiter will bring a lot of peace and happiness at home. You should therefore exercise tact, patience and understanding when dealing with your spouse to maintain a happy married life especially till December 2008. You will be passing through the sub-period of Rahu-Jupiter from June 2009 and then onwards, your life will take a turn for the better. You should therefore exercise caution in all spheres till June 2009.

Concern 8:

When can I expect to have my second child?

Analysis:

From your chart, it seems that there is a high possibility of your having a second child between December 2008 and December 2009. Of course much also depends on your spouse's chart.

Concern 9:

Let me know the better times and bad times as far as career is concerned.

Analysis:

Good times: 1) From June 2009 till November 2011.
2) From April 2018 till April 2021.
3) From March 2022 till September 2023.

Bad times: 1) From November 2011 till September 2014.
2) September 2023 till October 2024.

Concern 10:

Let me know the better times and bad times as far as finances are concerned. Also let me know any specific area/business from which I can gain most profit and time periods.

Analysis:

Good times: Same as the good times for career stated above.

Bad times: 1) September 2014 till April 2017.
2) April 2021 till March 2022.

Considering all the above points, it would be necessary for you to exercise extreme caution and patience in all dealings till June 2009. You should take decisions only after considering all the pros and cons thoroughly. You should not take any whimsical decisions. By tact and caution, you can turn this period to your advantage.

You are now passing through the main period of Rahu till October 02, 2024. Rahu due to its transit effect over various houses can cause some challenges or changes. You will therefore have to put in extra efforts to realize your full potentials and fulfill your ambitions. This does not mean that the entire period will be bad, but there could be some sub-periods causing stress.

Next you will be passing through the main period of Jupiter for 16 years from October 02, 2024 till October 02, 2040. On the whole, this will be a very beneficial and favorable period. Jupiter being lord of the 9th house and positioned in the 10th house will confer very good professional and all round benefits. You will be able to fulfill many of your ambitions. You will gain good mental peace and a sense of fulfillment.

Astrological Remedies:

- 1) To augment the strength of your 5th and 10th Lord Mars, which is ill positioned in the 12th house, you should wear a deep **Red Coral** of 8 to 9 carats mounted on a gold ring, worn on the right ring finger, inaugurated any Tuesday midmorning after bath & prayers. This will enhance your career potentials and all round luck factor.
- 2) You should wear a **Hanuman Kavach**, which is a great protector against the effect of being Manglik and the evil effect of Saturn's transit.
