Name: ABC

Date of birth: mm/dd/yyyy

Place of birth: Name of city, country

Time of birth: hh:mm:ss

Your Question 1:

Will I able to marry him? When will I marry him? Will our marriage be happy as I expect?

Our Answer:

It is our practice to analyze the exact period of the relevant question, through a Question Chart, in the horary process and then have it confirmed through the inherent possibilities displayed by your natal birth-chart, it being the relevant chart corresponding to the specific cosmic signature at the time of your birth that holds good for the individual through one's life.

I have gone through the planetary configurations in question chart as well as natal chart with regard to your question related to love life. I regret to say that the astrological signatures of both the charts are not indicating very favorable signatures for your marriage with the person you are in love with. I can understand the state of your mind, yet I cannot ignore the indications of signatures of planetary configuration of your chart. In the question chart, mutable signs are present in ascendant as well as in 7th house, the house of marriage, which is not a good signature for getting married. In addition to this, the ascendant lord and the 7th lord are both retrograde. It signifies that both of you will finally decide to part your ways. It is very much possible that your romantic partner may still be trying to separate from you.

According to the natal chart too, the presence of retrograde Saturn in the ascendant will give you romantic inclination towards people who are much older than you. The lord of ascendant Venus is debilitated. It indicates that you may develop relationship with a married person. This will bring down the morality aspect in your life. These planets will also create an atmosphere of dissatisfaction in your romantic life. The period from October 2003 to March 2005 had been a favorable period for the development of some romantic relationship in your life. However, any relationship formed during this period will not sustain for a long time. In such a situation the only option left before you is to move out of this relationship. The period upto June 2007 is favorable for you to get married. Hence you should try to derive the benefit of this period and marry a suitable person. You have to accept this hard reality and must make efforts to forget that person. It is better for you to move ahead in the path of life.

Your Question 2:

What do I do to make this happen? I am very sure about what I want.

Our Answer:

I have considered your second question. Though you may be quite sure of yourself and know well what you want in life, yet the planetary configurations of your chart are not very favourable for your marriage with this person. On the other hand, the chart indicates that you may marry an already married person. At the same time, the natal chart of your partner is very important to come out at an accurate conclusion regarding the prospects of your marriage with him. As far as the question related to what to do to make it happen, then you can perform the japa of 'Katyayani Mantra' for 1.25 lakh times for that person. Despite this, there is not more than 50% possibility of getting success in your objective.

Your Question 3:

When will I come of this present frustrating situation of my life?

Our Answer:

I have also gone through your third question. It is to be noted that you are presently passing through Shani Sade Sati (the 7-1/2 year cycle of Saturn transit), which is effective in your life till August 2012. This is an obstructive period for you. You may have to move ahead with challenges in almost every aspect of life during this Sade Sati of Saturn. Your relationship with this person may continue till December 2007. Otherwise, you will remain mentally disturbed and tense because of this relationship. Notwithstanding the above, the situations will improve in the main period of Mars. The main period of Mars will help you in getting out of these mental tensions. Till then, you have to bear the existing atmosphere of tension and frustration. There will be no change in your mental state at least till December 2007. I can very well understand your problem and I have full sympathy with you.

Astrological Remedy:

Your lord of Ascendant is Venus. It is however located in 5th house, the house of love and romance in sign of debilitation. You should adorn **Planetary Yantra for Venus** at the earliest. This is a lifetime recommendation for you. This will protect your romantic aspect of life from the malefic influence of debilitated Venus. In addition, you may practice **Chandi Path—Shakti** daily in order to block negative energies and gain positive approach in life.

Apart from this remedy, you should make personal efforts to improve your condition. You should think practically rather emotionally and try to find out the right direction for yourself.

May God give you the courage and strength to face this adverse period of your life.
