1.3 Retrograde planets, Debilitated planets and Exalted planets in natal chart.

Mercury Retrograde

You think in an intuitive manner and are right-brain dominant. Right-brain thinking is more spatially oriented. You would comprehend through recognizing patterns and would arrive at conclusions without going through logic and reason. This does not imply that you are wrong and are more often right. You would drive analytical people crazy because of the discontinuous manner in which you think.

Venus Retrograde

Venus retrograde indicates an unusual interest in love. You don't seem to be stimulated by customary means. Socially, you don't fit into the mainstream. You can swing between opposites - averse or perverse. Often you may turn to religion because it seems easier to love God – and God does have a lot of love. Your marital life may not be a happy one. Being accommodative with your business partners would be difficult for you. Finding a fulfilling and lasting relationship is a challenge for you.

Sun in Exaltation

You will be endowed with a strong and powerful physical build up. Your desires will be strong and will leave no effort in making them come true. You will have very good younger siblings and they would be famous in life.

Venus in Exaltation

You will be highly successful in any experiences in remote foreign countries. The protection of the Almighty will always be with you. Your spouse may possess a spiritual bent of mind. There is a strong indication of sound inheritance / legacy that will ensure prosperity. Your enthusiasm will provide a halo of happiness and good health around you.

1.4 Know the Friends and Foes

We have listed above the natal promise of all the 9 Vedic planets in the chart based on their status in the chart. There are likely to be lot of contradictions about their significance in different aspects of life. The same planet may be beneficial for a particular aspect in one's life by it's house location but it can be inauspicious for the same aspects in life because of the lordship of houses in the chart. One planet can be beneficial for a particular aspect in life and can promise great success and at the same time another planet can be most inauspicious and promise complete failure for the same aspects in life.

Usually different astrological effects do not cancel or neutralize each other. Both the positive as well as the negative effects can affect a person's life.

How much positive and how much negative will depend on the planet's strength, its functionality whether auspicious or inauspicious, and its dignity in the chart, and also its strength in the chart.

These calculations are complex and are not only made for the natal chart but are also made on the different divisional charts which are derived from the natal chart. An astrologer has to examine all these quantitative and qualitative aspects of each planet in the chart, before he can make a final judgment about each planet on how much positive and how much negative effects the planet will be responsible for different aspects of life in a person. His experience will also play a key role to arrive at a final judgment.

We give below in a table the strength of each planet in the chart and what will be the overall role of the planet in a person's life as per the astrologer's judgment.

Planet Table

Planet	Dignity (Based Sign location)	Lordship on	Functional Status Auspicious /Inauspicious	House Location	Planet Natal Strengths			Final Judgement by Astrologer

Ketu	Neutral	--	Most Auspicious	IX	---	17	---	Good

Explanation of Natal status of Planet Table

A) Dignity:

Dignity of planet is based on its relationship with the sign where it is located in the natal chart: The dignity largely decides what kind of results the planet will give in its period /sub-periods/sub-sub periods. If the dignity is good then there are bound to be good results. If the dignity is not good then there are bound to be some bad results. No matter whether the planet is functionally benefic/malefic or strong and weak in different strength calculations. The dignity of any planet can be any of the following in descending order of the planet's ability to give good results during its period/sub-periods/sub-sub periods.

- 1 Exalted: results most outstanding
- 2 Mool trikona: results excellent
- 3 Own: results good in general
- 4 Great Friend: Generally good results
- 5 Friend: Mixed but generally ok
- 6 Enemy: Mixed but generally malefic

- 7 Great Enemy: Generally malefic
- 8 Debilitated: most challenging

B) Lord ship and functionality:

Lord ship of each planet as per different ascendants in the natal chart indicates functionality of the planet for different aspects in our life throughout our life. Functionality can be Auspicious, Inauspicious, Neutral, Most Auspicious or most Inauspicious

C) Different Strength calculations of the Planet and their significance:

1 ShadBal: This is the absolute modular strength of the planet and signifies the quantum of it's effects in our life irrespective of the functional status or dignity. A Benefic planet with low Shadbal must be strengthened with Gem therapy to make it more effective. A malefic planet with high shadbal must not be strengthened with Gem therapy because it's malefic effects will increase also Instead they must be harmonized with Yantra or propitiated with Yagnas and Mantras. This strength is very important for astrologer while he recommends astrological remedies. The minimum effective shadbal should be 1.0. The maximum can go up to 2.5 in a chart.

2 Vimsopak Bal: Vimsopak Bal is calculated based on the dignity of the planet in 16 divisional charts computed from the Natal chart. Each divisional chart signifies a specific aspect of life. For example Navamsa chart signifies spouse and marital life. The Dasamsa chart signifies profession and career. The maximum Vimsopak bal of a planet can be 20, which will signify the planet will be beneficial for most aspects in life. An average strength of 10 will signify the planet will have mixed effects for different aspects of life. Less than 10 will signify the planet will be mostly inauspicious in most aspects in our life.

3 Ashtakbarga Natal strength: This signifies the potential of the planet to deliver positive results during transit in relation with other planets positive and negative effects. The maximum strength can be 8, which signifies the planet can give outstanding results in transit. For Saturn and Mars, if the Ashtakbarga strength is more than 3 units, it will mean it will give generally positive results. For remaining 5 planets (excluding Rahu/Ketu) the natal strength must be 5 units or more to have the potential to deliver beneficial results in relation to all other planets.

Your astrologer will consider all these factors before he makes his final judgment. His judgment will be as follows:

- 1 Outstanding
- 2 Excellent
- 3 Very good
- 4 Good
- 5 Mixed
- 6 Challenging
- 7 Most challenging

2.0 General trends and signatures in your career path

2.1 Your natal affinity to a choice of career as per your “Varna”

From our natal chart, our Varna is calculated based on the Nakshatra location of Moon in our natal chart.

The original Varnashram was created to assign the division of labor in the production and distribution system of the economy. A person's Varna indicated his core competence based on his personality and intrinsic nature to be best suited for a particular function in the society. It was not a hereditary system.

We give below the different functions associated with each of the 4 Varna classifications.

In Bhagavat Gita, Lord Sree Krishna had mentioned about 4 Gunas, based on which 4 Varnas were created according to the kind of work (Karma), a person is supposed to

perform in his/her life as per the qualities the person has inherited based on environment and circumstances and past Karma. These 4 kind of works are necessary to maintain the smooth functioning of the society. These qualities were purely based on the person's natural talents and skill. This was an unique system but later on it got degenerated into the evils of Cast system which was purely based on heredity. Man is essentially a social animal. For his survival and prosperity, he has to interact with other people also. He has clear cut duties and responsibilities towards performing special functions which help the society to sustain and to grow and make progress.

These 4 Varnas are as follows:

People who by choice and independently, are involved in production and distribution of goods and services belong to "Vaishya Varna".

People who by choice offers their services to others in the society based on their special skill and strength belong to "Khatriya Varna".

People who by choice offers their labour and skill completely to and individual or to an organization against fixed wages belong to "Shudra Varna".

People who are not directly involved in any production or distribution of goods and services but have special skill and wisdom for which the society collectively recognizes and rewards or compensates them materially belong to "Brahman Varna".

In today's global economy, the choices of professions or the different kinds of work that people perform are vast than what they were in ancient times, and every day new profession or new areas of work are emerging, but at fundamental level this classification into 4 Varnas are still very much valid.

Vedic astrology from your horoscope can decide to which of the 4 Varnas, you belong. This is strictly based on your chart and is nothing to do with your hereditary status. A brahman's child can be shudra or vice versa.

As per your natal chart, your Varna is "Brahman". Your present choice of career is Research Assistant in Software segment. You are in right career and you should acquire higher qualification like Masters or PHD and then you should pursue a teaching career which will definitely suit your temperament and core competence and will be consistent with your "Brahman" Varna. You should not have this present feeling that your job is not good as compared to other glamorous career in software at the same level of yours. You should not compare and feel insecure. You have made the right choice.

2.3 Your career preference as per planets in your 10th house, or lord of 10th house in case these are no planets in your 10th house.

Most likely practical career choice as per the status of planets which are closely related with 10th house in your chart which is the house of profession.

In our life, we all will have to some job or several jobs to earn our day to day livelihood to maintain ourselves and to maintain our family. This is called ‘Pursuit of Wealth(artha)’ As per our life purpose we should also do something which is as per the choices described above. Such activities will give us fulfillment and contentment and to fulfill the self actualization need in our life. This is called ‘Pursuit of Vocation (Dharma)in our life. Some people are lucky and blessed in this life for whom both the pursuits are same. By practical choice of career in our life we mean what job we must do to pursue wealth in life which may be the same or may not be the same as the ideal pursuit of vocation in our life. This is decided by the strongest planet among all the planets who are connected or associated with 10th house or it’s lord in our chart.

In your chart, Jupiter is located in 10th house, Taurus from your ascendant. Lord of this house is Venus.

Venus is located in your Navamsa chart in Scorpio whose lord is Mars.

In your Dasamsa chart, the 10th house is Aquarius whose Lord is Saturn.

We should also analyze the 10th house from your Moon-sign (Rashi) also.

10th house from your Moon-sign is Aries whose lord is Mars. Also in 10th house from Moon, the following planets are located, Mercury, Sun, and Ketu. Among these 3 planets, Sun is exalted and Mercury is retrograde.

The planets which qualify as influencer for the choice of job in your life are as follows:

Jupiter, Venus, Mars, Sun, Mercury, Ketu and Saturn. Out of these 7 planets, the strongest planets are Venus, Sun, and Ketu (Refer planet table given earlier in this report). Both Venus and Sun are exalted but Venus is retrograde. Ketu is Vargottam in your chart which is also considered as exalted.

Sun in 9th house indicates a position of administration. Exalted Venus in 8th house indicates research job in computer technology and internet. Ketu in 9th house also indicates research job in chemical and pharmaceutical industry.

2.4 Your career preference and professional motivation as per the Nakshatra (Star cluster) of Sun, the natural significator of Career in your chart.

Sun is located in Aries in Aswini

Nakshatra in your chart whose lord is Ketu.

You will be attracted to such careers which will demand both courage as well as analytical abilities, and in such career where you can operate independently without any constant supervision or monitoring from others. Your career must be connected with both basic science as well as advanced technology.

You will also prefer such work which will involve some travelling and location changes, field research than being totally confined to a single location all the time.

However the most important thing is that you will prefer such efforts which gives quick results and rewards. You would prefer that your job and efforts must give a very high reward to effort ratio.

Besides your regular profession, you may also prefer to dabble in stock and share market where you can apply your analytical and research skill to earn high and quick gain by spending least efforts in time.

Obviously if these opportunities are not present or possible in your present career, you are unlikely to be satisfied or feel any contentment in your present job.

2.5 Special status of planets and the connection with your career

Career choice as per Destiny controller in your chart:

In every chart, there is one planet which we describe as the “Destiny Controller” of our life. As Destiny controller, it influences every aspect in our life and it will trigger major events during its period/sub-periods in our life. One of the most important aspect in our life is of course our career. The destiny controller in the chart is that planet which makes the closest aspect with one of the 12 houses in our chart among all the planets.

Neptune at 22 degrees 12 minutes in Scorpio in your natal chart makes the closest aspect with the 8th house cusp at 26 degrees 28 minutes 51 seconds Pisces in your natal chart.

Neptune is your destiny controller and the good news is it is having mutual aspect from Jupiter at 10th house as well as favorable trine aspect from Moon and Saturn from 12th house.

People who has Neptune as Destiny controller, they will have an unusual and very interesting life. They will also have great inspiration and research abilities. There will be unexpected twists and turns in life by which Neptune will control your destiny and eventually will give you great rewards and recognition both in terms of your pursuit of Vocation as well as Pursuit of wealth.

It will also not be out of place to mention that Neptune makes closest aspect with your 8th house which is the house of research. It also receives good aspect from Jupiter from 10th house which is house of profession. It also receives aspects of from Moon and Saturn from 12th house. 12th house signifies foreign country and or foreign connection. Ultimately in your career you will have to finally settle with a foreign company or institute and or in a foreign country.

2.6 Special status of 6th house and 10th house and their respective lords and their connection with your careers.

2.7 Astrologer’s comments on choice of your present career - how it connects / disconnects with the general astrological signature for career in your chart.

Astrological signatures analyzed so far indicates that research pursuit connected with computer software that you have chosen as a career is the right choice in your career.

2.8 Astrologer’s recommendation for alternative career choices where you will be able to manifest your core competence better.

You have to acquire some higher academic qualification or experience as soon as possible because you have already reached the age of 33. You have become somewhat stagnant in your career path and you need a breakthrough in your career. Your job also has become somewhat routine and mechanical which is no longer inspiring. However this breakthrough can only come if you acquire certain additional qualification or experience. Jupiter lord of your 5th house and lord of your 8th house located in 10th house is have a strong connection with Moon in your chart because it is located in the Nakhatra of Moon in your chart. Moon is the 12th lord located in 12th house itself, the house of foreign connection. You should try to acquire higher qualification in a foreign institute ASAP. Do not think it is an impossible

dream. In your life as mentioned earlier opportunities can come unexpectedly. You should send some of your research findings to different people in a foreign country or you should try to publish your findings and work in specialized journal in a foreign country. Do not think as most people think these days that the only ladder to grow in career is through MBA degree only. You need to acquire a post graduate qualification to start your career growth path. Foreign connections can be established by being based in India also. 20 years main period of Venus is going to start in your life from 21st January, 2010 only It is in Venus period only you will get the desired break-through in your career. The last 7 years since 21st June, 2003 during Ketu period has given stagnation but it has also created a strong foundation from which you can now take off to your desired career choice.

3.0 Karmic introspections on how you can pursue to fulfill your goals in life for 'Pursuit of Vocation' along with 'Pursuit of Wealth' in your life:

Seed/trigger/result table for Pursuit of Vocation and pursuit of Wealth.

Pursuits	Seed stage	Trigger stage	Result stage
Pursuits for 'Dharma' (Vocation)	9th house	1st house	5th house
Pursuits for 'Artha' (wealth)	6th house	10th house	2nd house

Pursuits	Seed	Trigger/span	Results
Pursuits for 'Dharma' (Vocation)	26	27	31
Pursuits for 'Artha' (wealth)	36	31	30

You will observe that Pursuit of Vocation matrix between seed/trigger/result improves continuously. This signifies that you may start with lower seeds but you will be able to improve the same in giving concrete shape to your vocation and if you can really nurture it well the final results will be excellent and beyond your expectation. The karmic indications in your chart will be supportive for you to fulfill your long term strategic goal and true purpose of your life.

You will observe that when it comes to pursuit of wealth in your day to day life, the Karmic indications are not supportive. It is progressively declining between seed/trigger and result stages. This indicates that you must make more efforts in your day to day work life and you also must not lose focus on your long term goal and objective. That is what is happening, you are just carrying out your daily duties and responsibilities pure mechanically and getting stagnated and frustrated in your present career.
