❖ Natal status of planet at a Glance

We have listed above the natal promise of all the 9 Vedic planets in the chart based on their status in the chart. There are likely to be lot of contradictions about their significance in different aspects of life. The same planet may be beneficial for a particular aspect in one's life by it's house location but it can be inauspicious for the same aspects in life because of the lordship of houses in the chart. One planet can be beneficial for a particular aspect in life and can promise great success and at the same time another planet can be most inauspicious and promise complete failure for the same aspects in life.

Usually different astrological effects do not cancel or neutralize each other. Both the positive as well as the negative effects can affect a person's life.

How much positive and how much negative will depend on the planet's strength, it's functionality whether auspicious or inauspicious, and it's dignity in the chart, and also it's strength in the chart.

These calculations are complex and are not only made for the natal chart but are also made on the different divisional charts which are derived from the natal chart. An astrologer has to examine all these quantitative and qualitative aspects of each planet in the chart, before he can make a final judgment about each planet on how much positive and how much negative effects the planet will be responsible for different aspects of life in a person. His experience will also play a key role to arrive at a final judgment.

We give below in a table the strength of each planet in the chart and what will be the overall role of the planet in a person's life as per the astrologer's judgment.

Astrological Signatures for next 1 year to start your business

The Dasha Vichar or planetary periods of Vedic Astrology provide a unique and comprehensive system for judging the effects of planets throughout the development of our lives. They are the most accurate system for showing how the planets distribute their effects through time and the different stages of our lives.

The most common of these systems of planetary periods is the Vimshottari Dasha or the "120-year cycle". This follows a predetermined sequence, the starting point of which is determined by the longitude of Moon at the time of birth. In it, each of the seven major planets plus the two Lunar Nodes are given specific periods. This entire life span is divided into different main periods of planets and within this main period, there are sub-periods of all the planets and then each sub-period can be divided into sub-sub-periods of planets. The effects of the planets become most operative during the Main Dasha or the sub-Dasha. The transit effects and the relation between the Main planet and the sub-planet also determine whether the good effects will be more predominant or the bad ones.

Answers to your specific concerns

Your Concern: I started my business but it is not success till now. Will I succeed if I run my business online or as a physical store?

Answer: The time frame till 30th September 2019 is favourable for you, as Jupiter is favorable in transit from your natal Moon sign Taurus. However the time frame till January 24, 2020 may also cause some turmoil for your business as Saturn is now unfavorable in transit from your natal Moon sign Taurus. Again the sub period of Ketu till 11th January 2020 is a bad period for your business. The next sub period of debilitated Venus till 13th March 2023 is also moderate for your present business. You may continue business in the field of software or technical training assignments in computer or related field or as online service or physical store. However as Mercury & 7th & 10th Lord Jupiter is hemmed between malefic located in the 3rd & 5th houses in your birth chart, you may face some turmoil in getting success in your business. You should wear a yellow Sapphire for Jupiter & a planetary Yantra for debilitated Saturn & Venus to flourish your business. However you should be cautious while making any heavy investments as 2nd Lord Moon is located in dusthana 12th house & Venus & Saturn are debilitated in your birth chart.

Astrological Remedies to Succeed in Business

Jupiter is lord of career. You should strengthen the planet 7th & 10th Lord Jupiter by wearing a **Yellow Sapphire** weighing 5 carats in potency. It must be mounted on a gold ring and worn on the index finger of your right hand. The gem must be put on first on a Thursday morning after bath & prayers. This is needed for your career & business.

Two planets—Saturn and Venus are debilitated in your birth chart. Kindly also wear a **planetary Yantra for debilitated Saturn & Venus** which governs your fortune, finance, love, romance, progeny & success.
