REPORT INTRODUCTION

Vedic Astrology is an ancient behavioral analysis and forecasting system. It employs a diagram of the positions of the planets relative to the earth and sky based on the date, time and place of birth of a person. This is known as the Birth chart or the Natal Chart. An astrologer reviews this chart to find information about an individual's disposition and character, strengths and weaknesses and may foretell events in a person's life.

Astrology helps people make right decisions. The summary of the Professional Profile has been made on the basis of the planetary configurations of your natal birth chart.

Your Natural Affinity for Career/Profession

We all have some Natural Affinity to handle our professional life. These Affinity are important part of our personality. Planet Sun is natural signifier (Karaka) for your Career, Profession and Social Status. This will be decided by your Vedic Zodiac Sun-Sign that you will have natural affinity for what kind of career and profession.

Your Vedic Sun Sign is LIBRA

You will excel in any kind of consultancy or advisory work. You may have special skill to succeed in profession like public relation, Legal or medical profession. In business you can deal in liquid items, industrial and technical goods. You can be successful in any kind of entertainment business connected with any media.

Different Personality Attributes for a Successful Career

Below are certain personality attributes that can help a person to achieve the heights in professional life. No matter what is the choice of your career, your ability and right approach towards these attributes will be the distinctive measure to get success in your career. The score obtained by different attributes indicates your astrological potential for achievements in career.

1. Your Potential to Achieve Status in Career

Seeking a good Status in our career is an important driver to achieve success in our career. Every person looks forward to a rewarding career in one's life. Vedic astrology has the strength to determine the career potential & can reveal how much & when one can achieve the desired heights in his/her professional life. Seeking of High Status in our career is an important driver and our unique scope for higher performance.

You have scored 9 points out of total score of 15, as potential to achieve high status in career.

Therefore, you will reach senior most level in your chosen career . You will receive favorable support from your bosses to boost your career. You will also be able to exert influence and act as a mentor to others who will be working below you or with you. You will also enjoy high level of perquisites and status commensurate with your senior management status. You may yet to reach this status in your present career so you must work hard and remain focused in your goal because this is your potential level of success as per your chart.

2. Your Brand Value & Popularity in Career

It is a factor that plays a significant role in achieving the desired success in our professional life. It shows our general propensity for relationship that how we receive others and view society. Your popularity at your work place and your inter personal relationship is also a very important driver in achieving success in career.

You have scored 11 points out of total score of 15, as potential brand value & popularity in career.

Therefore, you will have a wide range of social circle. You will interact with people beyond your immediate professional or work circuit . You will make a mark for yourself in corporate world because of your outstanding interpersonal skill. You may also get involved in conflict resolution or may become an activist in taking up issues which concerns society in general. This is your potential in life, so keep doing what you are at best either in your professional activity or in your social activity.

3. Your Proficiency & Result Orientation in Career

Result orientation and proficiency to complete the tasks successfully and within the time is most important driver and measure of success in our career. Without it we have no real interests, passions, and motivations, no determination, no real intensity or ability to carry out anything to the end and really accomplish it.

You have scored 11 points out of total score of 15, as proficiency & result orientation in career.

Therefore, you will be known as the most result oriented manager in whatever organization you work or business that you undertake. You will have complete clarity of vision and purpose to achieve your goal and you are unlikely to be diverted in your focus till you have completed the task that you have undertaken.

4. Your Communication & Selling Skill in Career

Communication and Selling Potential is one of the key strength for a successful career. We have to sell our ideas, our desires and ourselves to achieve anything in life. The life begins with selling and we have to sell our needs and desires throughout our life, no matter what is our specific function in our career.

You have scored 9 points out of total score of 15, as communication & selling skill in career.

You will be a good communicator provided you have researched your audience and have designed your message accordingly. You may not be successful all the time, and sometimes your communication will go over the head of your audience, when you have not researched your audience and have not prepared your message accordingly. However you will possess the basic skills of communication, whether it is oral communication or written communication. The communication skill may not be natural but you will be able to acquire it through practice. You are certainly a good salesman to push through your views and desires to others.

5. Your Strategy & Planning Skill in Career

Strategy and Planning are amongst the most essential keys to gain success in our professional life. Strategy evolves our inner creativity and intelligence through which we capture the essence of our duties & responsibilities and how we shall be able to manifest in our day to day life. When our strategy is right, we can think of expansion, value addition and positive growth in our life.

You have scored 10 points out of total score of 15, as strategy & planning skill in career.

Therefore, your astrological potential is such that you can be very successful in any profession, like law, finance, education etc. If you have interest in astrology and occult subjects, you will certainly be very popular and will have very lucrative practice.

6. Your Creativity & Innovative Skill in Career

Creativity lies in one's own mind and innovation depends on one's own capability. And both the aspects are needed at every step of life, including personal and professional life. No matter which field of career you have chosen, the need of creativity and innovation prevails at every step of professional career.

You have scored 12 points out of total score of 15, as creativity & innovative skill in career.

Therefore, you are extremely talented and you have natural gift to find new ways through your creative skills, and to make better networks, no matter where ever you go. Whether it is a reputable post of a creative director, whether you are an artist, or you have chosen any other platform. You can easily make ways towards your success with the help of your skills.

7. Your Discipline and Responsible Attitude in Career

Discipline and Responsibility in one's attitude and approach are must for a successful career. Your disciplined and responsible attitude at your work place, and in your inter personal relationship is also a very vital aspect in achieving success in your career.

You have scored 12 points out of total score of 15, as discipline & responsible attitude in career.

Therefore, people praise you due to your responsible and disciplined behaviour. Your persistence is your plus point at your work field and even in other spheres . You will make a mark for yourself in corporate world because of your outstanding disciplined and accountable attitude. You may also achieve higher post or position in your society or office due to your creative approach. This is your potential in life, so be yourself and make your best efforts to maintain it.

Your Professional Competency to Achieve Success in Career

Professional core competence is an underlying characteristic of a professional that enables him/her to deliver superior performance and achieve success in a given situation. Professional core competence consists of clusters of natural talents, attitude, knowledge and skill set. Every human being has a peculiar professional core competence. This competency could act as a strong pillar of our professional life

It is importance to understand that you can achieve success in your profession and career if your natural talents are aligned with your work portfolio. Getting acquainted to your professional core competence can help you make better strategies for your career and execute your strategies to perfection.

You have scored 116 points out of total score of 160, as professional competency to achieve success in career.

Your chart indicates a good potential within you and you will achieve the senior middle management professional status in your chosen profession. If you are in government service you can reach the senior middle level in administrative services. If you are in private sector then you may achieve a senior middle level in a large organization. You may also be lucky if you try your luck in politics. You may to some extent also be good in sports and may be able to win the appreciation of important people.

Karmic Indicators for your Life

Karmic indicator is the one-of-its-kind tool that depicts the true picture of our entire life. In this section, we are focusing on 3 prime karmic indicators that help us gain an exciting insight on our lives, through 3 different and distinct lenses - Reward to Effort Ratio; Best Direction; & Best Phase of life.

Your Effort to Reward Ratio in Professional Life

There are 3 kinds of people in this world. The first group are very lucky that whatever efforts they make they actually get greater rewards and recognition for their efforts compared to other people. This means they are lucky to reap more than what they sow. There are second group of people, they reap in exact proportion to what they sow. Finally the third group is somewhat unlucky , in spite of best efforts, the reward and recognition they get are not commensurate with their efforts. They reap less than what they sow.

Your Effort Score is : 34

Your Reward Score is : 32

Effort to Reward ratio in your chart is **0.94**

Therefore, the Karmic indication in your chart is you will have to work very hard and put an extra effort if you want to keep going. Hence, you should always be consistent in your efforts and you must give more than 100% to be able to achieve your goal.

Best Part of Your Professional Life

According to the analysis of your chart the **First phase** of your life will be the **best phase** of your life. During this phase you will enjoy your days and will gain happiness from different areas of your life.

According to the analysis of your chart the **Middle and Final phase** of your life will be **okay and will have normal ups and downs**. During this phase you will enjoy your life but may also face some obstacles. These problems may be related to different aspects of your life.

Best Direction for Professional Growth

Working or moving in an appropriate direction can bring you wealth & prosperity as well as protect fame and good reputation, whereas working or moving in an inappropriate direction can harm your fame and reputation as well as make you lose money.

According to the analysis of your chart the direction **West** would be **most beneficial** for you to pursue your vocation or take any opportunity that knocks the door of your destiny.

According to the analysis of your chart the direction **East** would be **most challenging** for you. So, it is best to avoid this direction. Your effort in this direction may not provide you fruitful result.

Your Professional Strength and Weakness

A particular planet in the chart will influence your career the most than all other planets. The type of career you may choose and your motivation will prompt you to put the effort required to achieve success in a profession. However, a planet would also show the weak area of professional life where you should try to work and overcome from the weak area for professional life.

Strengths

The Strong Planet in your chart is **Moon**

You will always operate in your profession with a clear conscience and will never have regrets or a sense of guilt. You will always be able to apply your mind effectively and imaginatively in assessing a situation. You will be extremely social in your profession. People who will come in contact with you in your profession will be impressed with your sincerity and will be deeply affected by the genuineness of the empathy that you feel for them. You will be extremely flexible and adaptable to any situations. You will have great resilience to accept and adapt to any changes in systems, procedures, job content and job environment. Your intuitive power will be very strong. In many cases your intuitive assessment of situations, people and opportunities will turn out to be more correct than well labored management analysis. Your ability to work in a group or a team will be your asset. You will have natural talent to resolve transactional difficulties in a group.

Occupations Most Suited: Educators, Trainers, Tutors, Public Relations, professions requiring psychic abilities, or having connections with liquids, beverages, sea products, water related or seagoing industries such as the Navy, merchant marine, Coast Guard, etc. Any activity related to groups or families of people, nursing, nurturing, as well as cooks, food preparers, visually oriented jobs--art, film etc, homes and shelter, hotels; activities that can turn around quickly such as import./export.

Weaknesses

The Weak Planet in your chart is **Venus**

You can only relate to physical and sensual pleasures. Love and beauty do not make much sense to you. You can not handle relationships. You feel insecure. Either your expectation is too much or you sacrifice too much in a relationship. You cannot tolerate excellence in others. You feel insecure and jealous. It is very difficult for you to sincerely appreciate achievements of others. You cannot trust or depend on others. As a result you can never delegate responsibility to others. You will generally have a negative outlook towards life. You may hide it under the garb of being practical and realistic or you will claim, it is your intuition. As a result you will not be able to contribute positively when an expansion project or a new development is undertaken, where team effort is a must. You will be a poor team player.
