It becomes important to know what the stars have in store. Love and sex are the corner stones of a balanced emotional life where the mind is the road that reaches us to our destination. In this Report we shall try to analyze the stellar influences on the two of you.

We shall also draw source material from the Kama Sutra, the Indian manual on Sexology that is at least 2000 years old. Those who are not comfortable with such discussions should also not proceed further.

The State of Mind

According to Vedic thoughts, there exists a Universal Mind to which all of our minds are in continuity, so that we can convey our thoughts directly to one another. By this theory, mind is cosmic and unlimited. By tuning individual minds to the cosmic mind, there is nothing that soul cannot acquire or experience or know. All powers of the mind are psychic powers. They have to be properly canalized to make the best use of them.

If Moon is afflicted, the mind is affected, memories are dull and one cannot reciprocate quickly or easily, whereas, when the Moon is strong, it makes a person sympathetic, quick to connect and respond. The Connecting Force

Venus is that planet whose energy is impersonal and unselfish. It is the planet of pleasure; however it is for us to connect to the higher energy of Venus and not get lost or engulfed in the lower sense of gratification. The Venusian is the embodiment of love, sympathy, warmth and attractiveness.

Where Venus is unaffiliated, Grace, marks the expression of mind and passion; this often results successfully in the attraction of sexes. Venus is the spirit of the mind - the connection to the joyous energy that envelopes this earth. A good Moon and a bad Venus is ineffective. However, the mind has a connection with that which is omnipotent. Efforts directed in the positive way can elevate to the higher energy of Venus. After all, Venus is a benefic planet.

The Venus in the Natal Chart of XYZ Kumar is in 12 House in the sign 6. The Venus for PQR Kumari is in 6 House in the sign 8.

XYZ Kumar, you are calm and cool in your attitude. Your opinion will not be swayed by your emotions and you will be termed as undemonstrative by your loved ones. However that does not mean you will be unfeeling really. But you will judge and evaluate before applauding and this may infuriate those who love you. You will value true love and affection more than physical union. If your Venus is afflicted then there is a chance of more than one marriage. Some amount of critical analysis on your part may hurt those who want your unconditional love. You will find some members of the opposite sex respecting your values while you may hurt very romantic individuals.

PQR Kumari, you are a highly passionate person. Your passion for the flesh will be often uncontrollable resulting into regrettable incidents. You will also be over possessive in matters of the heart. Timid and delicate partners will excite your sensuality but you may frighten them away with your high sex drive.

XYZ Kumar, you are a highly artistic person with a keen sense of humour. Your attraction for the opposite sex will be refined; you will look for beauty within more than just physical good looks. Sex and romance will come hand in hand with the right partner. Your body will only respond once your emotions are strongly stirred and chemistry is well matched. Physical union will not be a biological phenomenon; it will only happen if there is intellectual connection between the two of you. You will have refined taste and will expect the same from the person of your choice.

PQR Kumari, you will have good potential in your financial aspect. You may not attract the opposite sex very easily but once attraction happens it will be strong and sexual life will be highly satisfying. You may not have sexual urge in general as most people have at some point or the other when physical attraction develops for unusual or unexpected sources. This is going to be predominant in your life and may make you live a life of celibate. Marriage should be carefully considered from before as you will not function well under duress or with persons of strong sex drive. You will need a mental person rather than a physical one.

The Venus of PQR Kumari is debilitated. This reduces your manifestation of feminine energy; everything that is soft, soothing and joyous. Nurturing a relationship is an art by itself. It does not happen unless you can connect to this wondrous energy of Venus. You should adopt a suitable remedial measure.

The Power of Action

Mars represents action valor and that element of ego, without which our logical thinking and its subsequent manifestation is ineffective. Mars gives strong athletic body, while Venus takes care of body luster. Mars denotes feeling that is personal and selfish. Our self is a very important and subtle factor which governs our happiness. The perfect balance between self and its manifestation of potential is the ruling factor that governs our happiness. The word selfish may sound very strong and outside the synergy of Vedic thought but between two human beings it has the power to breaking a relationship or making one.

It is the power of action that ties two hearts together. In the context of Mars, it is imperative that the Martian Energy be balanced; after all life is not a war that one has to win at any cost.

some boundary to your relationship. There may be perfection in your behaviour once you are in love, but your mate may ultimately look for promise and faith in the relationship beyond all other wonderful possibilities. You may have a desire to explore new territories and this is not conducive to a good romantic alliance. Unusual and unconventional people may attract you more for their status of unknown rather than love or romance. Your type of libido can arouse an equally liberated person to great heights of ecstasy but can be earth shattering to one who is in love with you. You must not go through life with the attitude of a voyeur.
