General Nature & Characteristics of Rahu & Ketu

Rahu and Ketu are strange and unique concepts in Vedic Astrology. They are not planets in the Classical definition of planets. They have no mass. Rahu and Ketu are the two lunar nodes. Rahu is known as the Dragon's Head and Ketu as the Dragon's tail. They are just two astronomical points. Rahu is the point at which Moon crosses the ecliptic to the north. Ketu, the south or descending Node, is where it crosses it to the south. Eclipses of Sun and Moon can occur in proximity to either of the nodes. The nodes were regarded mythically as the demon, which swallows the luminary and causes the eclipse.

As such, they have the power to overcome the Sun and Moon, and in that sense they can be stronger than any of the planets. The subtle relationship between the Sun, the Moon and the Earth plays a large part in the unfolding of each individual's consciousness. The conjunction of any planet with either of the lunar nodes is regarded as the kind of eclipse of that planet wherein its energy is in some way obstructed, negated or liberated. Thus Vedic Astrology regards these shadowy 'planets' or the two nodes as among the most important factors in chart interpretation. They possess the power not only to negate planetary influences, but because eclipses are points of energy transformation, they have additional special properties to transfer or to augment planetary influences for good or bad. It was necessary to introduce the concept of Rahu and Ketu in detail, as they are usually alien to the western audience.

❖ Characteristics of Planet Rahu:

Rahu the north node is equated with Saturn the great malefic by Vedic Astrologers, while Western Astrologers equate it with Jupiter the great natural benefic. But Vedic Astrology does recognize that lunar nodes can function in a positive, Jupiterian manner when associated with a strong planet or when in a strong position.

A strong Rahu gives the individual worldly powers and success. But Rahu always gives the individual a feeling of dissatisfaction, as his worldly desires can never be fulfilled, however successful the individual may be. In its positive aspect it shows the opening up of a new and positive Karmic sphere. Well placed, it makes the individual strong but not necessarily sensitive to others. It will provide all the outer success but it can get us trapped in the realm of the senses and in the abnormal or unnatural use of the body. In the spiritual realm, Rahu can give psychic powers, but also there may be danger from drugs and black magic. On the positive side, the influence of Rahu can put us in harmony with collective trends and give popularity, prestige, fame and power. It imparts an almost psychic sensitivity to mass trends, mass media and a capacity to use them.

But Rahu is the greatest consumer, it will drive us into frenzy to consume and consume and consume - the mythological representation for Rahu is that after consuming everything, it starts consuming its own blood. In its extreme affliction Rahu becomes the main planetary factor behind insanity, neurosis, neurological disorders, possession by negative entities, and other such abnormal sensitivities of the mind and nervous system particularly when it influences the Moon in the chart especially by conjunction.

❖ Characteristics of Planet Ketu:

The South node or Ketu is regarded as a point of difficult Karma from a past life in which the individual furthered his own selfish interest at the expense of others. The South node, on the positive side, can develop strong concentration and mastery of obscure or arcane subjects.

Ketu, though regarded as less malefic than Saturn, is something like Mars in its malefic aspects. Ketu creates doubt, disturbance, anger, ambition, willfulness and a critical and often narrow vision in life, which may lead to conflict and argument.

On the positive side, Ketu means a flag. It has the power to boost up the effects of strong planets with which it is conjoined. Ketu gives sudden and unexpected results for good or bad. On the spiritual front Ketu gives perception, liberation, wisdom and psychic sensitivity in a more genuine way but can give us a too limiting, critical view of things.

The Karmic significance of Natal Rahu for you

Planet Rahu is placed in the 8th house of your birth chart in the sign Aries along with planet Moon. Therefore, this placement of Rahu in your natal chart cannot said to be very favorable position with respect to your personal and professional life. This is because, as per the natural characteristic of planet Rahu, it gives the result of the planet, which is the lord of its placement sign. Since 8th house is the house of sexual relationship in a person life, hence this placement of Rahu could give multiple partners in your life. More on this, Rahu is placed in the sign of Mars. So, in that case, a person could take aggressive approach in physical relationship and could also give sharp reaction in the situation of dissatisfaction.

More on above, placement of Rahu with planet Moon gives lots of mental stress to a person or can give an agile mind to change his/her decisions frequently. Since 8th house in your birth chart is the house of Mars, so this placement of Rahu also indicates to meet with vehicle accident. So, you should be very careful while driving any vehicle etc. Especially, whenever Rahu would be effective in Dasha period and it would make combination with Moon in sub period or in sub-sub periods, then it could give mental stress to you. However, its combination with planet Moon in Dasha periods may create the situation of accident and injury. So, you should be more careful during those periods of life.

The Karmic significance of Natal Ketu for you

Planet Ketu is placed in the 2nd house of your birth chart in sign Libra, which is the sign of planet Venus. Since, as per the natural characteristic of planet Ketu also, it gives the result of the planet, which is the lord of its placement sign. Hence, in your case, it is placed in the sign of Venus, which is placed in house of income. It would help you on financial front of life. Since, 2nd house is the house of extended family, so placement of Rahu in the 2nd house creates confusion and misunderstanding in family life.

The 2nd house in the birth chart represents the throat area in our body part and Ketu gives infection related issues in the life. Hence, you should be very careful about infection with throat and do not ignore the same if such issues arise. Especially, you should be careful with such infection, when planet Ketu will be effective in Dasha periods.

Therefore, as per relationship of Natal and transit Rahu, it is not going to give you benefic results in financial aspect of life for upcoming one and half years.

Since your Natal Ketu is placed in sign Libra in the 2nd house of your birth chart and planet Ketu is going to transit in sign Scorpio on 23rd September 2020 for next one and half years. Hence, there would be 2/12 relationship between your Natal Ketu and transiting Ketu in Scorpio, which cannot said to be a favorable relationship. Therefore, as per the relationship of Natal and transit Ketu, you may face some misunderstandings in close family relationship where you could be a victim of misconception or misperception. Hence, it would be better to try to clear the things as soon as you feel about the same instead of leaving it for a longer period.

This 2/12 relationship of Natal Ketu and transiting Ketu could also not play a supportive role on your health front, where you may face issues due to infection etc. Hence, whenever you face infection be it related to throat, eye, ear, urine or stomach you should take proper care of the same immediately. This relationship could also not said to be supportive for investment purpose. So, you should not go for any big amount of investment during next one and half years.

Effect of Current Rahu Transit in Taurus by your Moon sign

In your birth chart, planet Moon is placed in sign Aries. So, your Moon sign is Aries, whereas Rahu will transit in sign Taurus on 23rd September 2020, which will transit through the 2nd house from your Moon sign. Hence, this transit of Rahu through the 2nd house from your Moon sign cannot said to be a favorable transit for you and this one and half years period can be said a stressful period for you. Since, planet Moon represents our mind and mental peace and Rahu creates the situation of uncertainty and instability in life. Hence, during this transit period of Rahu in sign Taurus for next one and half years, you may feel mentally unstable and stressful. Especially, extended family related stress may harm your professional performance too.

There could be lots of thoughts and ideas in your mind at one point of time, but taking a firm decision as well as sticking on the same for longer period could be a tough task for you. Effect of Current Ketu Transit in to Scorpio by your Moon sign

Planet Ketu will transit in sign Scorpio on 23rd September 2020, which is the 8th house from your Moon sign Aries. Since 8th house is the house of physical relationship, so this transit of Ketu may create interest to go for any secret kind of relationship, but the same could harm your relationship with your spouse. However, 8th house is the also the house of research. So, a person could be interested for any kind of research work related to professional life or can go for the experiment with own work.

Since, sign Scorpio is placed in your 3rd house, so transit of Ketu through 3rd house could create confusion and misunderstandings with younger siblings, if you have any. It may also bring some stress with close friends. So, you should try to maintain a balanced approach in close relationship.

Impact of Rahu-Ketu transit with respect to Current Dasha Period

According to Vimshottari Dasha system, during this transit period of planet Rahu in to sign Taurus and transit of planet Ketu in to sign Scorpio from 23rd September 2020 to 12th April 2022, you would be under the influence of the MAIN PERIOD OF RAHU only. In the main period of Rahu, you would encounter two sub periods i.e. of sub period of Sun from 19th July 2020 to 13th June 2021 and after that the sub period of Moon till 13th December 2022.

The 1st sub period of Sun in the main period of Rahu during this transit of Rahu and Ketu till 13th June 2021 is going to play a better than mediocre level favorable and supportive role in your life. This is because, planet Sun is the lord of your house of foreign land and it is placed in the house of fortune. Thus, it is going to support you better professionally in any foreign country except your country of birth Japan. Though during the sub period of Sun, your expenses might be on higher side but it could give you better recognition on professional front and status enhancement in professional circle. You should not try to make any big financial investment during this period but you would get better support and cooperation from higher authorities and elders.

After this, the sub period of Moon would be effective in the main period of Rahu from 13th June 2021 to 13th December 2022 and this transit of Rahu and Ketu will last till 12th April 2022 only. Since, in your birth chart, the planet Moon and Rahu are placed together in your 8th house only, so this period is going to give you some mental stress. Though the sub period of house of income lord Moon is going you good flow of income, but again this period cannot be said supportive for major financial decisions or investments. This period could also bring challenges in personal life by giving attraction towards someone or inviting attraction of someone. Hence, you should take a justified approach if such situations arise to maintain peace in personal life.

Final Conclusion of Rahu-Ketu Transit for next 18 Months

In conclusion, the upcoming transit of Rahu and Ketu in sign Taurus and Scorpio respectively could bring mixed results for you where you have to maintain a cautious approach in different aspects of life considering the above explanations. The transit of Rahu in to 2nd house from Moon sign indicates facing of some mental stress due to extended family, but transit of Ketu may give you interest towards any secret relationship.

Since, there is 2/12 relationship between Natal Rahu and transiting Rahu, so this one and half years period can said to be very supportive for financial investments. However, transit of Ketu in to 8th house from Moon sign can said to be an accident prone period for you. So you should drive vehicle etc carefully. This transit of Rahu and Ketu may also bring misunderstandings and misconception in personal and social life. So you should try to clear the things as soon as you sense for the same.

Answer: Regarding your above concerns, I would like to inform you that generally the above mentioned period by you can be said a supportive period for your profession life. Though, the upcoming transit of Rahu and Ketu does not indicate any significant achievement on professional front, but transit of Ketu indicates to go for some experimental work with your career.

Regarding sending of your work for ceramic competitions during the period from November 2020 to October 2021, I would like to inform you that during the sub period of Sun till 13th June 2021, you should aggressively take part in such competitions. During this period, sending your work in any country except your birth country Japan could make good results for you. However, after 13th June 2021, during the sub period of Moon, you should go slow, which could give some stress instead of bringing good results for you.
